From the Principal's Desk

"The memorial wall and brick-paved area ... are wonderful additions to the campus ... thanks to all who have contributed to the Alumni Endowment Fund."

September 2004

Greetings from Arsenal Technical High School!

We have had a smooth beginning for the 2004-2005 school year. Approximately 2,100 students walk our campus each day. Forty-one of these students are kindergarteners. What a delight it is to see their fresh young faces daily.

The renovation of Treadwell (The Main) and Stuart Halls continues. We currently have rejuvenated classrooms in the north end of the Main and new science labs and classrooms in the main corridor. These spaces are air-conditioned as well. Stuart Hall has new heating and air-conditioning equipment installed in the attic. The classrooms in Stuart will be renovated beginning next summer.

The Alumni Day on Campus in June was a great success for the association and the school. The memorial wall and brick-paved area in front of Anderson Auditorium are wonderful additions to the campus. Students and staff stop to see who contributed to the Endowment at the level required for a brick.

The planning for converting ATHS into six small schools continues. The campus may not change next fall. However, the grouping of students will be different from our current structure. It is anticipated that student attendance, student discipline, and student retention will improve once this conversion occurs. It is our fervent hope that our students' academic achievements will follow suit.

I offer one final note of thanks to all who have contributed to the Alumni Endowment Fund. Without your continued support, ATHS cannot function to its maximum potential for our current Tech Titans.

I hope to see you on campus soon.

Respectfully,

Peggy B. Clark, Ed. D.

Civil War Books Donated

George McMath, class of 1951, has donated his 300+ book library on the Civil War to the Tech Library. He values the collection at \$6,000 to \$7,000. Since Tech had its beginning connected with the Civil War buildings, the Tech History department is very excited about receiving this gift.

We participated in renewing old friendships, making new friends, viewing the memorabilia displays, and yes, enjoying a great program. The evening was a HUGE success with 215 in attendance.

On Saturday, we met once again on the beautiful Tech campus for the Annual Alumni Day activities. Our class sponsored a morning coffee hour and our class picture was taken, followed by the Alumni program and lunch.

All expenses are met and we have \$4,000 for the 1954 Class Scholarship Fund. The ATHS Alumni Board will present the awards to two Tech seniors next spring. Thanks to all who donated to this scholarship fund.

7th Annual Florida Reunion February 26, 2005

We continue to have interest in the **Florida "Satellite Reunion"** at the beautiful Siesta Beach in Sarasota. I have seen or heard from many of you, and we will have another day in the sun at the beach. I have reserved Saturday, February 26th at the Siesta Beach Gazebo, just south of the large pavilion. Once again, I strongly suggest that you arrive around 10 a.m., as parking continues to be scarce.

If you know of others who may be interested, please invite them. Please bring along a covered dish to share, and I will furnish meat and soft drinks. I am looking forward to seeing you in February. Please phone me at 941 359 8593 or 1-888-287-6325 or e-mail joritas@cs.com. **Jo Rita Perry Stevens**

Class of 1945 Sixtieth Reunion June 10-11, 2005

The class of 1945 has plans for a great 60th reunion. Plan to enjoy a buffet dinner on Friday, June 10, at Primo's Banquet Hall, 2615 E. National Ave., Indianapolis. Dinner will be served at 7:00 PM, while listening to good old-fashioned 1940's music. A social hour with a cash bar will begin at 6:00 PM. We'll have a great opportunity to share fond memories with old friends, and **Hal Fryar** has promised some entertainment for us.

The cost of the dinner is \$25.00 per person. The 1945 reunion committee hopes you will attend the festivities and make your reservations early, using the form given below.

Our class will also attend Tech's annual Alumni Day on campus. The May 2005 issue of *TECHnically Speaking* will provide details for Saturday, June 11, and lunch reservations will be handled directly with the Alumni Association. We can view our "Class of 1945" brick which has been placed in the walkway, and also check on the growth of our class evergreen tree which is located at the southwest corner of the Arsenal Building.

Please complete this form. Make your check payable to **Pat Poe**, and send to Pat Poe, 270 Hoss Rd., Indianapolis, IN 46217.

Class of 1955 Fundraising Project

The **Class of 1955** has chosen a class project as our way of giving back to Tech just a portion of what she has given us. It will be a very impressive memorial to all Tech alumni who have served our country in all branches of the military. The plan is to put it in the circle on the south side of the Arsenal building.

We have received permission from IPS and are moving forward toward our goal. Funds are being solicited from classmates toward this project, and also a silent auction will be held at our dinner/dance on Friday evening, June 10, 2005, with opportunity for those from other classes in attendance at Tech Alumni Day on Saturday to bid as well. All funds from this fund raiser will go toward the project. Please do what you can to help.

Digging Into Tech's History

This summer, archaeology students from Indiana University Purdue University at Indianapolis (IUPUI) participated in an archaeology dig on the campus of Tech High School. This was part of professor **Paul Mullins'** annual Archaeology Field School. He and the students came to Tech for a preliminary archaeological survey, to identify areas of high potential for future testing and excavation. Advance permission was obtained from Indianapolis Public Schools and the administration of Tech High School.

As you are aware, the grounds of Arsenal Technical High School housed a military arsenal during the time of the Civil War. You may not have known that at one time, more than 100,000 rifles were stored in the Arsenal Building, and the manufacture of war materials on the site continued for several decades after the end of the Civil War. During this summer's dig, several artifacts, such as bullet casings, were found on campus. The students also found the foundation of the officer's house built in the 1870's on the east side of the campus, and were excited to unearth some prehistoric artifacts as well.

Next summer, Professor Mullins plans to have a class at the Tech site for teachers interested in archaeology. He also plans to return with another field school at Tech sometime soon.
