Alumni Day 2014: A Full Day Of Fun!

Alumni Day 2014 took place on June 14th on the Tech Campus. Beautiful weather greeted hundreds of alums from nearly every decade. The day began with registration and campus tours, followed by the annual business meeting. At the meeting, awards were presented to several Tech graduates, including Alumnus Of The Year Linda Clark Hunter (1964). After the business meeting, lunch was held in the cafeteria where alums caught up with old friends and made new ones. All in all, Alumni Day 2014 was a success. We hope you can join us next year on June 13th for Alumni Day 2015.

2014 Hanson H. Anderson Award Winners

On January 16, 2014, three outstanding Tech graduates were awarded the Hanson H. Anderson award in a ceremony held on the Tech Campus. This year's recipients were Richard L. Buchanan (1964), Clifford Chandler (1964), and Edward L. West (1954). All three have achieved success professionally while also giving back through community service and civic involvement. Congratulations to the 2014 recipients!

Ric Buchanan had a successful career as an attorney in Ohio while also co-founding the Human Rights Bar Association in Ohio and serving on the Board of Trustees of Caracole House, the first AIDS hospice in Cincinnati. Ric has served as the executive director the Al-Anon Family Group Headquarters since 1996.

Cliff Chandler was a successful accountant and auditor before becoming the owner of Indy's Music House with his wife from 1986 to 2001. Cliff retired in 2013 after serving as an accountant for the Christian Church Foundation. Additionally, Cliff started the Internal Audit Department for the City of Indianapolis.

Ed West began his career as a carpenter and assistant superintendant at K and P Building. He moved on to Merchants Bank (later National City Bank) where he retired in 2004 as a Senior Vice President. Ed has been a member of the Indianapolis Board of Realtors since 1965 and currently serves on the Board of Damar Services.

Named for Hanson H. Anderson, one of the eight original faculty members when Tech opened in 1912, this award is given annually to three to five alumni. Recipients are selected on the basis of those qualities that Mr. Anderson personified, outstanding personal achievement, success in some area of their lives and community service.

If you would like to nominate someone for this award, please contact the ATHS Alumni Association.

A Message from the Alumni Association President

Greetings to Techites, wherever you might be,

Here's an update on our new Buy-A-Brick Endowment Fund Campaign that we kicked off in last spring's issue of Technically Speaking.

At this time (off to a slow start) we have only received \$21,007.00 in donations from about 45 Tech alumni who want to preserve their names in Tech's rich history in the new Alumni Plaza on the Tech campus.

If you plan to record your name in Tech's history, please don't wait any longer. Most of our alumni response has come from the 1930s, 1940s and 1950s, representing 83% of our donations. We have heard from only 12 alumni from the 1960s, only 2 alumni from the 1970s and NO ONE from the 1980s through 2013.

So far, 30 alumni classmates have purchased a brick; some at the TECH LEGION recognition level of \$500 for a large brick, but most at the HONOR SOCIETY recognition level of \$200 for the regular size brick. Five Tech alums have made donations at the DEAN'S LIST recognition level of \$1,000 and one alumnus made a donation at the PRINCIPAL'S CIRCLE recognition level of \$10,000.

Another group of alumni have not purchased bricks, but have made smaller donations in order to help cover some of the costs, which we appreciate very much.

Some alumni cannot donate the entire recognition level amount in one lump sum, so they choose to pledge weekly or monthly payments over time. We also can accept credit cards for donations. Just let us know whatever donation plan you choose.

We have the space for hundreds of bricks in the Alumni Plaza for the TECH LEGION (\$500) and HONOR SOCIETY levels, but we are limited to 7 more names in the ARSENAL SOCIETY level (\$25,000) and 4 more names in the PRINCIPAL'S CIRCLE level (\$10,000). There is space for 27 names in both the VALEDICTORIAN level (\$5,000) and the SALUTATORIAN level (\$2,500). At the DEAN'S LIST level (\$1,000) we have space for about 45 names.

So don't be left out. Send in your donation and accomplish 3 things: 1- preserve your name in Tech's history for all time, 2- help keep the Tech Alumni Association strong and active, 3- express your gratitude for what Tech has given to you by supporting other students and their opportunities.

We would love to place our order and have the new Alumni Plaza and all of the new names finished and in place by the end of next summer, 2015.

For more information, contact the AHS Alumni Association at 317-693-5459.
Thank you for your generosity and your faithful compassion for Tech High School,

Sincerely,

Ron Jackson, Class of 1953
President, AHS Alumni Association

2014 Endowment Fund Campaign For Tech Leave A Legacy For Future Generations of Tech Titans

Walk through the campus of Arsenal Technical High School and you can feel and see the tradition that has flourished for over 100 years. It's a tradition rich in school pride and academic achievement, and it still holds true for all students who are willing to invest their time and talents into making the most of their years at Tech.

Tech graduates have distinguished themselves in all walks of life and made positive impacts in our society throughout our nation for generations. Appreciative of their education and the importance of Tech in their lives, the love, loyalty and "give back" support that Tech alumni express for their alma mater even rivals that of some colleges. That's why Tech's Alumni Association continues to be one of the strongest and most active high school alumni associations in the country.

Established in 2002, the Arsenal Technical High School Alumni Association Endowment Fund provides an opportunity for alumni to contribute to the financial needs of Tech students and teachers and also leave a lasting mark of their generosity on the campus for future generations of Tech students, faculty, alumni and visitors to admire. The Endowment Fund, made up of your tax-deductible contributions, will be invested using formal investment policies, creating interest and dividend income. All investment income will be disbursed for student and teacher needs through grants, only after formal requests by the faculty are received, researched and approved by the Endowment Fund Grant Committee.

The original 2002 Endowment Fund Campaign raised nearly \$500,000. Interest and dividends from the original campaign have allowed the Grant Committee to award \$155,000 to deserving students, teachers and groups on campus.

Now it's time for a fresh new campaign. Many recent grads are unaware of our Endowment Fund activities and opportunities. We're inviting all Tech graduates to participate in this opportunity to permanently place their name in Tech's history and help preserve Tech's tradition. For as little as \$200, you can be a permanent part of Tech's rich history.

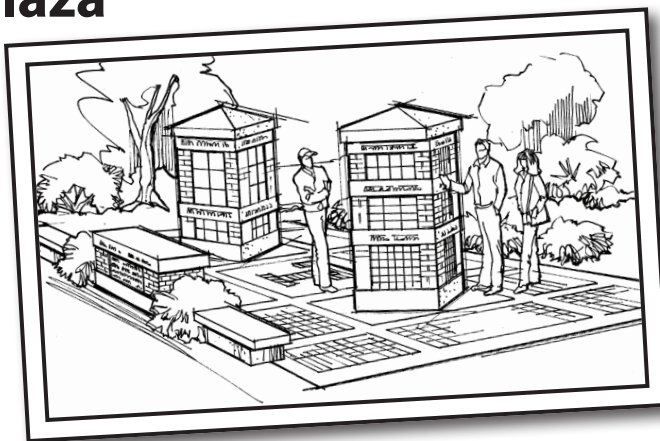

New "Alumni Plaza"

We plan to redesign, enlarge and enhance our Alumni Recognition Area, (abutting the walk across from Hanson H Anderson Auditorium). This area will be a beautiful and important site for preserving names and class history for all students, returning alumni and their families and friends.

This new recognition Area will be known as the "Alumni Plaza" and will feature two distinguished brick "Towers of Honor" providing various sizes of limestone plaques with etched names and class years on them. The floor of this area will be inlaid with the same regular and larger bricks that are in place in the existing recognition area.

Hundreds of Tech alumni have already preserved their names in history by purchasing bricks and/or recognition through the original levels of donor participation. It has been very beneficial for Tech, its students and Alumni for over a decade.

The names etched on the glass block wall in the current Alumni Recognition Area will be re-etched on limestone plaques and/or attached to the appropriate brick "Tower of Honor", according to the level of the donation, at no cost. The existing bricks will also be reused

and relaid in their same locations. New bricks will be added as they are sold. Special green bricks will also be laid to create a large 'Block T' design in the middle of the floor.

No matter the level of your original donation, it will be preserved in the new recognition plan without additional cost or effort on the part of the original donors. Tech's beautiful tradition and academic excellence will be reflected in the design and materials for generations to appreciate and remember.

The existing wooden recognition plaques hanging on the wall in the Arsenal will be updated and redone as needed too.

All donor recognition will now conform to our newly formatted seven donor levels and be recognized in the Alumni Plaza and in the Arsenal building. The new Alumni Plaza will become the primary focus for recognizing distinguished alumni for all future generations.

Therefore, the 2014 Endowment Fund "Buy a Brick" campaign has officially started! For more information, please contact us at endowment@athsalumniassociation.org

Music Notes

The ATHS music hall is humming along as busily as always! Our band has worked many long hours to create a great show this year, featuring the music of American composer Aaron Copland. Director Brandon Anderson has taken the Marching Titans to the State Fair and to several university and local "band days," and the spirit of enthusiasm and pride is a wonderful force in the music hall. In mid-November, the band will represent Tech at the IPS Marching Contest. We wish them well and know they will make us proud!

A big highlight of this year is the focus on the band/orchestra trip to Walt Disney World, where they will be featured performers. The trip is planned for Spring Break at the end of March. Fundraising continues, and any contributions or ideas for making big money fast are very much appreciated!

The music performance calendar is already stacking up. We are including herewith some dates of upcoming events. As always, we love to see our ATHS alumni at our performances! The Techoir will present the annual Madrigal Dinner on November 21. Several dinner courses will be served as the Techoir presents a medieval-style costumed pageant. Our longtime location at Englewood Christian Church is not available due to renovations, and at press time a new location has not been definitely decided. Tickets will be \$15 for the dinner and show. Please call the music office at 693-5328 to make a reservation. Our Winter Concert will be presented on Tuesday, December 16, at 7 p.m. in Anderson Auditorium. Admission is \$2 per adult and \$1 for students. Please join us for some holiday spirit!

We are having a "fairy-tale year" for our productions. A short version of Disney's "Aladdin" takes the stage on October 24 and 25 in the Auditorium. We are very excited to announce that a green ogre will take the stage in February as we present "Shrek" for our school musical. Bring the kids—fun, laughs, great music guaranteed! Show dates are February 19, 20, and 21 at 7 p.m., with an additional show on the 21st at 1. Prices are \$6 in advance, \$7 at the door, and students of any age are \$3. And finally, the faculty/staff will present "Cinderella" on March 13 and 14. As you can see, happy endings abound!

We also remind you that if you need live entertainment for an event, please call us! Several of our ensembles stand ready to entertain!

TECH GRAD ON BROADWAY!

Steven Taylor, class of 1997, is "on the road" with the Broadway touring company of "The Lion King!" Actually, he IS the Lion King, since he performs the role of Mufasa! Several members of the music faculty have been able to travel to various cities to see him perform, including at the Minskoff Theatre on Broadway in NYC. Steven recently performed at the White House for a luncheon hosted by Michelle Obama—you can view this on YouTube! He has had an amazing experience travelling the entire USA and Canada. We are VERY excited that springtime will bring him close to home—so if you'd like to see a Tech alum onstage in a Broadway show, here's your chance! "The Lion King" will be in Louisville in March and Cincinnati in April! You can find performance dates, ticket info, etc. online. We are taking a couple buses of Tech music students to a Cincinnati show in April! We are extremely proud of this music hall graduate! Don't miss this amazing chance to see Steven!

Additional Names Collected: Two More Plaques Added To The Veteran's Memorial

We are not accepting any more names for the two new plaques to be added to the Veteran's Memorial. The names are at the engravers at this time, and will be added to the memorial in time for Veteran's Day on November 11th. The new names will be added to the Souvenir Booklet as well. If you are interested in ordering a booklet, contact Wanda Harris at 317-839-1656.

Centennial Museum Update

We are still looking for volunteers for the Tech Centennial Museum! Currently, the museum is open on the 1st and 3rd Fridays of the month from 10 AM – 2 PM but we are hoping to expand our scheduled open hours to every Friday. We continue to have numerous visitors and to receive donations. In addition to the large area on the 2nd floor of the Arsenal, our collection continues to expand to the halls and walls of the 2nd and 3rd floors. For more information, to volunteer to help, and/or to schedule an appointment to visit the museum, call Beth Aubrey Meyer at 317-796-7743.

News & Notes

Cindy Hartshorn Honored With The Hubbard Life-Changing Teacher Award

Tech's own Cindy Hartshorn was a recipient of the 2014 Hubbard Life-Changing Teacher Award in May. This award is given to IPS teachers who have turned around the lives of one or more students and have a demonstrated track record of academic success.

During her 41 year teaching career, Cindy has used choir and drama as a means to impart life skills. Her influence prompted 15 people to nominate her as a life-changer.

Cindy is credited with keeping kids off the streets and out of trouble by welcoming them to be part of a team that is loved and appreciated. One student wrote, "When I think about the woman I want to become some day, I think of Ms. H."

Oh by the way, Cindy is also a Tech alum. Please join the Tech Alumni Association in congratulating Cindy on the well-deserved honor.

Looking for the perfect Holiday gift for a Tech grad?

The ATHS Alumni Association is selling limited edition watercolor illustrations of the Arsenal Building by renowned artist, and 1960 Tech grad, Luke Buck. Originally produced for Tech's 2012 Centennial Celebration, the Alumni Association has a limited number of signed prints still available. These prints are high quality reproductions and archival quality.

The prints are available in two sizes, 22"x18" and 12"x10". The larger print is \$40 and the smaller is \$30.

Please contact the Alumni Association if you are interested in purchasing these truly amazing works of art.
